

Society of Old Friends visits Penrith Museum

Thursday, 24 August 2017

1880s Wharfedale stop cylinder printing press at the Penrith Museum of Printing.

The Society of Old Friends has organised a visit to the newly refurbished Penrith Museum of Printing at Penrith Raceway on Tuesday 29th August.

Guest speaker Dr. Stephanus Peters will address a lunch meeting of the Australian chapter of the Society of Old Friends – the local branch of an organisation set up in England a century ago to foster and encourage fellowship among members of the printing industry.

“While membership has traditionally been by the ‘tap on the shoulder,’ the Sydney branch has thrown open membership to anyone of good intent who is interested in contributing in some way to preserving our valuable heritage,” says Old Friend and JDA Print Recruitment founder, James Cryer.

THE PRESIDENT AND COMMITTEE OF THE SOCIETY OF OLD FRIENDS

Have pleasure in inviting you to Penrith Museum of Printing tour with special guest speaker Dr. Stephanus Peters.
